

# Daisy Makeup Brush Case

Design by  
Jillybean Fitzhenry

5. Use the 1/4" Wave® Angle. Double load of Hansa Yellow and Pine Green for the leaves. Dry brush extra Hansa Yellow on one side of the bud cups.

4. Use the 1/4" Wave® Angle. Use the long tip to stipple Pine Green in the center and then Hansa Yellow. Float Burgundy to separate back petals from front petals. Use the 20/0 script to add thin Burgundy vein lines on the petals.

1. Use the #4 Wave® Filbert. Use one coat of Warm White to base petals keeping them a little transparent. Pull from the outside edges to the center. Stipple Raw Umber in the center making it solid and then stipple Warm White around it but more sparse.

2. Use the #4 Wave® Filbert. Double load Warm White on the bottom and Quinacridone Violet on the top to make under petals.

3. Use the #4 Wave® Filbert. Dry brush Med. Red Rose on the Warm White petals near the center. Use a script brush to add Raw Umber between the petals.
